**NMAM INSTITUTE OF TECHNOLOGY, NITTE**  
Off-Campus Centre of Nitte (Deemed to be University)  
**Seventh Semester B.Tech (CBCS) Degree Examinations**

December 2025

**HU2502-1 – LINGUISTICS AND LANGUAGE TECHNOLOGY**  
(Open Elective)

Duration: 3 Hours

Max. Marks: 100

Note:

**Part – A: Multiple Choice Questions:** Answer all **Twenty** questions in the **OMR Sheet** provided. Each question carries equal marks.

**Part – B: Descriptive Answer Questions:** Answer **Five** full questions choosing **Two** full questions from **Unit – I & Unit – II** each and **One** full question from **Unit – III**.

### PART - A: MULTIPLE CHOICE QUESTIONS

**20 Marks**

- Which linguist proposed Universal Grammar?  
A) Noam Chomsky  
B) Ferdinand de Saussure  
C) Bloomfield  
D) Hymes
- Which theory sees language as a set of habits acquired through imitation and practice?  
A) Nativist theory  
B) Behaviorist theory  
C) Cognitivist theory  
D) Interactionist theory
- The meaning derived from context is part of  
A) Syntax  
B) Morphology  
C) Pragmatics  
D) Semantics
- Duality of structure or patterning was put forward by  
A) Wren & Martin  
B) Noam Chomsky  
C) Charles Hockett  
D) Derrida
- The study of how children acquire their first language is called  
A) Language learning  
B) Language attrition  
C) Language teaching  
D) Language acquisition
- An individual's personal variety of language is termed  
A) Idiolect  
B) Dialect  
C) Sociolect  
D) Pidgin
- Words that have opposite meanings are called  
A) Synonyms  
B) Antonyms  
C) Homonyms  
D) Hyponyms
- Which branch of linguistics studies word formation?  
A) Phonology  
B) Morphology  
C) Pragmatics  
D) Semantics
- Science is about solving \_\_\_\_\_  
A) puzzles  
B) quizzes  
C) experiments  
D) mysteries
- The set of rules that govern sentence structure is  
A) Phonology  
B) Semantics  
C) Syntax  
D) Phonetics
- Morphology looks at how individual words are formed from meaningful units called \_\_\_\_\_  
A) morphemes  
B) phonemes  
C) pragme  
D) semantics
- The smallest meaningful unit in a language is called a  
A) Phoneme  
B) Morpheme  
C) Grapheme  
D) Lexeme

13. Spelling-grammar checkers is an example of Machine learning together with  
 A) language B) Linguistics  
 C) coding D) none of these
14. A Data Scientist must learn  
 A) language B) Linguistics  
 C) coding D) Transcription
15. Hymes (1971), attempts a critique of \_\_\_\_\_ approach to language  
 A) Chomsky's B) Halliday's  
 C) Barnes' D) Huckles'
16. -s is a \_\_\_\_\_ morph  
 A) Portmanteau B) Plural  
 C) Not a Morph at all D) Past Tense
17. Nouns and \_\_\_\_\_ cannot assign Objective Case  
 A) adjectives B) auxiliaries  
 C) verbs D) adverbs
18. One crucial difference between finite and non-finite clauses is \_\_\_\_\_  
 A) Tense B) Gender  
 C) Number D) Sense
19. Number of common voiced consonant sounds in the English Language.  
 A) 24 B) 22  
 C) 38 D) 26
20. There are \_\_\_\_\_ common voiceless sounds in English.  
 A) 7 B) 4  
 C) 8 D) 9

### PART - B: DESCRIPTIVE ANSWER QUESTIONS

| Unit - I |                                                                                                                                                                                                                                                                                                                           | Marks | BT* | CO* | PO* |
|----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|-----|-----|-----|
| 1. a)    | Bring out your understanding of the term 'Linguistics'.                                                                                                                                                                                                                                                                   | 4     | L*2 | 1   | 11  |
| b)       | Write a note on Chomsky's 'Generative Grammar'.                                                                                                                                                                                                                                                                           | 4     | L2  | 1   | 11  |
| c)       | Mark the three-term label of the following phonemes:<br>i) [ʃ]<br>ii) [m]<br>iii) [p]<br>iv) [f]                                                                                                                                                                                                                          | 4     | L2  | 1   | 11  |
| d)       | Consider the data from Polish. Analyze whether the sounds [z] and [ʒ] are phonemes or allophones in this language. Explain your understanding.<br>i) [saʒa] - soot<br>ii) [noʒe] - foot<br>iii) [ʒban] - jug<br>iv) [ʒvon] - bell<br>v) [zator] - ice<br>vi) [tʒa] - tear<br>vii) [zvon] - call<br>viii) [groʒa] - threat | 4     | L3  | 1   | 11  |
| 2. a)    | Cultural Transmission and Redundancy are characteristic features of language. Clarify.                                                                                                                                                                                                                                    | 4     | L4  | 1   | 11  |
| b)       | Write a note on structural approach in linguistics.                                                                                                                                                                                                                                                                       | 4     | L4  | 1   | 11  |
| c)       | Mark the three-term label of the following phonemes:<br>i) [tʃ]<br>ii) [n]<br>iii) [b]<br>iv) [v]                                                                                                                                                                                                                         | 4     | L3  | 1   | 11  |

- d) Give the free and bound morphemes of the following:
- i) Disappear
  - ii) Untidy
  - iii) Realization
  - iv) Glamorous
- |  |   |    |   |    |
|--|---|----|---|----|
|  | 4 | L2 | 1 | 11 |
|--|---|----|---|----|
3. a) Monkeys use more signals than human beings. What is your understanding of this in relation to characteristics of language?
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 2 | 9 |
|--|---|----|---|---|
- b) The Traditional approach by Panini and Plato had its advantages. Write a note on this type of approach in linguistics.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L4 | 2 | 9 |
|--|---|----|---|---|
- c) Give the segment features of the following phonemes:
- i) [p]
  - ii) [m]
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L3 | 2 | 9 |
|--|---|----|---|---|
- d) Describe the various processes of word-building with examples.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 2 | 9 |
|--|---|----|---|---|

## Unit – II

4. a) Draw a tree diagram to show the constituents of the following sentence.  
Students of the college danced out their hearts at the SAC which brought tears in the eyes of many.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L5 | 3 | 9 |
|--|---|----|---|---|
- b) Draw a tree diagram to show the constituents of the following sentence.  
Primary Teachers are the strength of the Knowledge System that youngsters get in their formative years.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L4 | 3 | 9 |
|--|---|----|---|---|
5. a) Draw a tree diagram to show the constituents of the following sentence.  
The players of the Indian Cricket Team celebrated the winning with a meeting with the Minister for Sports.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L5 | 3 | 9 |
|--|---|----|---|---|
- b) Describe the constituent structure of a verb phrase.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 3 | 9 |
|--|---|----|---|---|
- c) Write a short note on Objective Case.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 3 | 9 |
|--|---|----|---|---|
6. a) Draw a tree diagram to show the constituents of the following sentence.  
His white elephant that he bought from Thailand had fallen from the truck on the first two cars of the other lane.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L5 | 3 | 9 |
|--|---|----|---|---|
- b) Describe the constituent structure of a noun phrase.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 3 | 9 |
|--|---|----|---|---|
- c) Write a short note on Nominative Case
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 4 | L2 | 3 | 9 |
|--|---|----|---|---|

## Unit – III

7. a) Discuss the six functions of language commonly recognized in sociolinguistics.
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L2 | 5 | 8 |
|--|---|----|---|---|
- b) Describe the concepts of pidgin and creole languages and their roles in communication.
- |  |   |      |   |   |
|--|---|------|---|---|
|  | 8 | L2,4 | 5 | 8 |
|--|---|------|---|---|
8. a) Why do languages show differences in certain areas? Explain this in terms of the principles and parameters of universal grammar.
- |  |   |      |   |   |
|--|---|------|---|---|
|  | 8 | L2,5 | 5 | 8 |
|--|---|------|---|---|
- b) How can linguistics support AI research, particularly through the insights provided by sociolinguistics?
- |  |   |    |   |   |
|--|---|----|---|---|
|  | 8 | L6 | 5 | 8 |
|--|---|----|---|---|
