## Unit – II

4. a)
- Read the passage and answer the questions that follow:**

Suddenly I came out of the clouds and saw two long straight lines of lights in front of me. It was a runway! An airport! I was safe! I turned to look for my friend in the black aeroplane, but the sky was empty. There was nothing there. The black aeroplane was gone. I could not see it anywhere. I landed and was not sorry to walk away from the old Dakota near the control tower. I went and asked a woman in the control centre where I was and who the other pilot was. I wanted to say 'Thank you'.

She looked at me very strangely, and then laughed.

"Another aeroplane? Up there in this storm? No other aeroplanes were flying tonight. Yours was the only one I could see on the radar."

So, who helped me to arrive there safely without a compass or a radio, and without any more fuel in my tanks? Who was the pilot on the strange black aeroplane, flying in the storm, without lights?
